Preschool Program**

Alexandria Township Preschool Program

The Alexandria Township School District is once again proud to offer an integrated preschool program at Lester D. Wilson Elementary School. The program is designed to incorporate students with special needs and typically developing preschoolers together in a nurturing, language enriched environment. Research has shown that all students benefit from this type of program.

Both integrated preschool classes provide a highly structured routine with a focus on language development and literacy, social skills, play, pre-readiness academic skills, and fine/gross motor development. Participating children are active learners in a fun, stimulating and warm environment.

Preschool Hours:

9:00 a.m.—3:00 p.m.

Preschool follows the Alexandria Township School calendar.

Activities Included in the Preschool Program are:

- Small group or center time
- Circle movement or motor time
- Sensory Activities
- Indoor and outdoor play
- Snack, lunch and rest time

Enrollment will be determined by the Alexandria Township School District and is open to children who are 3 years old and 4 years old by October 1, 2010. Class size is limited to approximately 15 students with approximately 5 slots reserved for preschool children with a disability.

All registration forms and health records must be fully completed by July 1, 2010.

Students will not be permitted to start school without all the proper documentation.

Information can be obtained by contacting the Lester D. Wilson Elementary School at (908) 996-6812 ext. 202.
